taking this drug. If you have questions, talk with the doctor. This drug may raise the chance of seizures in some people, including if you have a history of seizures in the past. Talk to your doctor to see if you have a greater chance of seizures while taking this drug. Follow the diet and workout plan that your doctor told you about. Do not give to a child younger than 17 years of age. Tell your doctor if you are pregnant, plan on getting pregnant, or are breast-feeding. You will need to talk about the benefits and risks to you and the baby.
