not take more than what your doctor told you to take. Taking more than you are told may raise your chance of very bad side effects. If you have high blood sugar (diabetes), you will need to watch your blood sugar closely. If you take cholestyramine or colestipol, take them at least 4 hours before or 1 hour after this drug. Avoid or limit drinking alcohol to less than 3 drinks a day. Drinking too much alcohol may raise your chance of liver disease. If you are 65 or older, use this drug with care. You could have more side effects. You may need to use birth control to prevent

nurse, pharmacist, or other health care provider.

Keep out of reach of children. Store in safety container in secure area.
